NEW YORK, Sept. 15.—The Herald's Washington special says: The statement recently published in a New York paper that the Secretary of the Treasury had agreed to interest notes in exchange for compound interest notes is without foundation. The Secretary has various financial measures under consideration, but has taken no definite action on any of them.

MAJ. GEN. HOWARD, of the Freedmen's Bureau, yesterday made a thorough personal inspection of the homes of the colored people of Washington, and reports them to be comfortable and probably better cared for than those residing in any other section of the country.

The parties entitled to the reward for the capture of those engaged in the conspiracy plot and assassination of President Lincoln have been selected by the War Department, and it is understood that their names will be made public shortly. Prominent officers conspicuous in bringing the conspirators to justice have been made out and are awaiting the signature of the Secretary of War, who is now absent from the city.

Col. O. Brown, Assistant Commissioner of Freedmen for the State of Virginia, reports to Gen. Howard from Richmond that he has reason to believe the freedmen are suffering from an insurrection by freedmen of that State are entirely groundless. Gen. Terry has so disposed of his insurrectionary reports as to enable him to effectually quell any attempt of the kind by negroes.

A special to the Times dated Washington, 14, says: The President to-day directed Merrell Reid, of Bedford county, Penn. This is one of the brothers of the Reid who recently figured in the habeas corpus case in Philadelphia, in which there was a conflict of authority between the National Government and State courts. Reid is in custody on a warrant charging him with the crime of treason, in which there is a conflict of authority between the National Government and State courts.

The extensive sale of Government locomotives and cars will begin at Portland, Me., on the 17th, and follow with Boston, New York, Philadelphia, Alexandria, and other points. A large amount of the military railroad stock in Virginia has been leased to the railroads of that State until the Government is ready to take them over.

WASHINGTON, September 14.—Herschel V. Johnson, of Georgia, returned to Washington to-day from a visit to Alexander H. Stephens, in Fort Warren. He spent last Friday with Mr. Stephens, and reports him in ordinary health—as well as he can be in confinement. He is allowed to receive the visits of his friends. His brother, Linton Stephens, who accompanied Mr. Johnson to Fort Warren, remains there still, and is permitted to sleep in his brother's apartment, and join him in his daily walks and exercises.

Mr. Stephens will probably not be pardoned until the Government has decided on a practically settled by the admission of Representatives from the Southern States.

A special to the World, dated Washington, 14th, says: The President to-day received here to-day from Andersonville, containing interesting particulars to the friends of deceased soldiers buried there. The military graves are being improved and beautified—there being 13,191 bodies lying in it. This enterprise is under the immediate charge of Captain W. A. Griffith, who has been at work there since May last.

All of the old buildings are standing, the stockades, hospitals, etc., as when they contained thirty-five thousand prisoners, the largest number ever there. No bodies can be removed until November, as the military authorities will prevent their removal. After removal, the bodies will be buried in the new cemetery, and the relatives of those who are interested there can procure metallic coffins at that place for transfer to any part of the Union.

Persons who do not care to have their names on the list of the dead, may prefer to visit that place, can have the bodies sent by express by application to Thomas R. Brock. The graves are all numbered and easily ascertained.

Lawrence Atwater, charged with the care of the Andersonville Prison records, which were destroyed by fire, has been ordered by the War Department for the sum of \$300, has been tried by a court-martial, which held his sessions at the Headquarters of Washington, and the War Department, and is now awaiting the approval of the President, when it will doubtless be made public.

The Southern District of Florida, arrived here this morning. Mr. Plantz made a favorable report on his visit to the State. An effort is being made to test the Maryland Registration law. At a hearing of a mandamus case against the registrars in the adjoining State of Florida, the United States District Court before the Hon. Judge Berry, the petition was dismissed by the court, and, on appeal, then taken to the Appellate Court in the State, sitting at Annapolis.

CINCINNATI, Sept. 15.—The Gazette's Montgomery (Alabama) special says the State Convention organized on the 12th, Ex-Governor Parsons being elected President by acclamation. Governor Parsons administered the oath to all the members, as requested by President Johnson. The action of the Convention was conservative, differing but little from that of Mississippi. Gov. Parsons favors action by the Convention to the exclusion of negro testimony by courts, and also to amend the Constitutional Amendment to the people.

Chicago dispatches describe the potato rot as alarmingly prevalent in various sections of Illinois and Michigan.

Persons from Texas report everything quiet in the Red River district. The negroes generally remain with their former masters, working as usual. Crops look well and promise a good yield.

The Ohio State Fair is progressing favorably. Over thirty thousand persons were in attendance yesterday.

The Kentucky Conference of the Methodist Episcopal Church South, held at Covington, adopted by a vote of 37 against 26, the minority report, which expressed a willingness to accept the General Conference only, any overture looking toward reunion.

The majority report directly favored reunion. Several resolutions were adopted, and the conference was adjourned. The conference was asked to be located, thereby resigning their ministerial functions. Others resigned their seats on the committee. This brings the matter to an early test.

Captain M. Gray, late Quartermaster of the 13th New York cavalry, arrested at Bridgeport, Conn., a few days ago for stealing and selling Government property while his regiment was stationed near Alexandria, Va., has been committed to the Old Capitol Prison.

The Orange and Alexandria Railroad Company have completed all of the bridges on the route and are now running cars direct from Washington to Alexandria.

NEW ORLEANS, Sept. 12.—The Times' Montgomery special says: The Convention

met to-day. Ninety-two members were present, and were qualified by Governor Parsons.

The Convention organized by electing ex-Governor Fitzpatrick permanent President by acclamation.

A resolution was adopted that the President appoint a committee of one member from each judicial district, to report an amendment to the constitution to the State to her relations with the Federal Government. A similar committee was to report the relative acts of secession and more recent acts passed during the war, and that they be ratified without interfering with the Constitution of the United States. The Convention then adjourned till Monday.

A large meeting at Hempstead, of Austin Grimes and Washington counties, Texas, resolved to accept the situation, expressed a desire to co-operate with the President and Governor in their plans for reorganization, and invited the Governor to call a Convention.
